

## Office of the Commissioner for Federal Judicial Affairs Canada

### Statement of Management Responsibility Including Internal Control Over Financial Reporting

Responsibility for the integrity and objectivity of the accompanying financial statements for the year ended March 31, 2020, and all information contained in these statements rests with the management of the Office of the Commissioner for Federal Judicial Affairs Canada (FJA). These financial statements have been prepared by management using the Government's accounting policies, which are based on Canadian public sector accounting standards.

Management is responsible for the integrity and objectivity of the information in these financial statements. Some of the information in the financial statements is based on management's best estimates and judgment, and gives due consideration to materiality. To fulfill its accounting and reporting responsibilities, management maintains a set of accounts that provides a centralized record of FJA's financial transactions. Financial information submitted in the preparation of the Public Accounts of Canada, and included in FJA's Departmental Results Report, is consistent with these financial statements.

Management is also responsible for maintaining an effective system of internal control over financial reporting (ICFR) designed to provide reasonable assurance that financial information is reliable, that assets are safeguarded and that transactions are properly authorized and recorded in accordance with the Financial Administration Act and other applicable legislation, regulations, authorities and policies.

Management seeks to ensure the objectivity and integrity of data in its financial statements through careful selection, training and development of qualified staff; through organizational arrangements that provide appropriate divisions of responsibility; through communication programs aimed at ensuring that regulations, policies, standards, and managerial authorities are understood throughout FJA. FJA applies a multi-year, risk-based approach to the assessment of the effectiveness of the system of ICFR.

The system of ICFR is designed to mitigate risks to a reasonable level based on an on-going process to identify key risks, to assess effectiveness of associated key controls, and to make any necessary adjustments.

FJA is subject to periodic Core Control Audits performed by the Office of the Comptroller General and uses the results of such audits to adhere to the Treasury Board Policy on Financial Management.

The financial statements of FJA have not been audited.

## 1. Authority and Objectives

The Office of the Commissioner for Federal Judicial Affairs (FJA) Canada was created in 1978 under the authority of the Judges Act to safeguard the independence of the Judiciary and to put federally appointed judges at arm's length from the administration of the Department of Justice. It exists to promote better administration of justice and focuses its efforts on providing a sound support role to the federal judiciary.

FJA administers three distinct and separate components that are funded from different sources. Statutory funding is allocated for the judges' salaries, allowances and annuities, and surviving beneficiaries' benefits. Vote authorities are provided in two separate votes to support the administrative activities of FJA and the administrative activities of the Canadian Judicial Council.

The administration of FJA is structured to reflect the distinctiveness of its role in supporting federal judicial activities. Under the Program Alignment Architecture, in addition to Internal Services, the organization is broken down into three programs: Payments Pursuant to the Judges Act, Canadian Judicial Council and Federal Judicial Affairs (FJA).

FJA's organizational priorities are an improved financial control framework, succession planning and human resource management, information management and modernization of FJA processes and tools.

## 2. Summary of Significant Accounting Policies

These financial statements have been prepared using the Government's accounting policies stated below, which are based on Canadian public sector accounting standards. The presentation and results using the stated accounting policies do not result in any significant differences from Canadian public sector accounting standards.

Significant accounting policies are as follows:

### (a) Parliamentary authorities

FJA is financed by the Government of Canada through Parliamentary authorities. Financial reporting of authorities provided to FJA do not parallel financial reporting according to generally accepted accounting principles since authorities are primarily based on cash flow requirements. Consequently, items recognized in the Statement of Operations and Departmental Net Financial Position and in the Statement of Financial Position are not necessarily the same as those provided through authorities from Parliament. Note 3 provides reconciliation between these bases of reporting. The planned results amounts in the "Expenses" and "Revenues" sections of the Statement of Operations and Departmental Net Financial Position are the amounts reported in the Future-oriented Statement of Operations included in the 2019-2020 Departmental Plan. Planned results are not presented in the "Government funding and transfers" section of the Statement of Operations and Departmental Net Financial Position and in the Statement of Change in Departmental Net Debt because these amounts were not included in the 2019-2020 Departmental Plan.

### (b) Net Cash Provided by Government

FJA operates within the Consolidated Revenue Fund (CRF), which is administered by the Receiver General for Canada. All cash received by FJA is deposited to the CRF and all cash disbursements made by departments are paid from the CRF. The net cash provided by the Government is the difference between all cash receipts and all cash disbursements including transactions between departments of the Government.

### (c) Amounts due from or to the CRF

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

Amounts due from or to the CRF are the result of timing differences at year-end between when a transaction affects authorities and when it is processed through the CRF. Amounts due from the CRF represent the net amount of cash that FJA is entitled to draw from the CRF without further authorities to discharge its liabilities.

(d) Revenues

Revenues are accounted for in the period in which the underlying transaction or event that gave rise to the revenue takes place.

(e) Expenses

Expenses are recorded on an accrual basis:

- Vacation pay and compensatory leave are accrued as the benefits are earned by the employees under their respective terms of employment.
- Services provided without charge by other government departments for accommodation and the employer's contribution to the health and dental insurance plans are recorded as operating expenses at their estimated costs.

(f) Employee and federally appointed judges' future benefits:

- (i) Pension benefits: Eligible employees participate in the Public Service Pension Plan (PSSA), a multi-employer pension plan administered by the Government. FJA's contributions to the Plan are charged to expenses in the year incurred and represent the total departmental obligation to the Plan. FJA's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.
- (ii) Severance benefits: The accumulation of severance benefits for voluntary departures ceased for applicable employee groups. The remaining obligation for employees who did not withdraw benefits is calculated using information derived from the results of the actuarially determined liability for employee severance benefits for the Government as a whole.
- (iii) Federally appointed judges' pension benefits: Eligible federally appointed judges and their survivors are entitled to fully indexed annuities providing that the judges meet minimum age and service requirements. The main benefits paid from this plan are recorded on a pay-as-you-go basis. They are included in the Statement of Operations and Departmental Net Financial Position as a component of salaries and benefits, and the judges' contributions are credited to revenue. Contributions made by FJA and the judges pertaining to the portion of the plan that relates to indexation of benefits is recorded in a Supplementary Retirement Benefits Account, which is presented in the Statement of Financial Position. FJA's contribution towards indexation is expensed at the time it is accrued in accordance with the Supplementary Retirement Benefits Act. The actuarial liability associated with the judges' pension plan is recorded in the financial statements of the Government of Canada, the ultimate sponsor of the plan.

(g) Accounts receivable

Accounts receivable are stated at the lower of cost and net recoverable value. A valuation allowance is recorded for receivables where recovery is considered uncertain.

(h) Tangible capital assets

Tangible capital assets and leasehold improvements having an initial cost of \$5,000 or more are recorded at their acquisition cost. FJA does not capitalize intangibles, works of art, and historical treasures that have cultural, aesthetic or historical value, assets located on Indian Reserves and museum collections.

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

(i) Measurement of uncertainty

The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, and expenses reported in the financial statements and accompanying notes at March 31. The estimates are based on facts and circumstances, historical experience, general economic conditions and reflect the Government's best estimate of the related amount at the end of the reporting period. The most significant items where estimates are used are the liability for employee future benefits and the useful life of tangible capital assets. Actual results could significantly differ from those estimated. Management's estimates are reviewed periodically and, as adjustments become necessary, are recorded in the financial statements in the year they become known.

3. Parliamentary Authorities

FJA receives most of its funding through annual parliamentary authorities. Items recognized in the Statement of Operations and Departmental Net Financial Position and the Statement of Financial Position in one year may be funded through parliamentary authorities in prior, current or future years. Accordingly, FJA has different net results of operations for the year on a government funding basis than on an accrual accounting basis. The differences are reconciled in the following tables:

(a) **Reconciliation of net cost of operations to current year authorities used**

(in dollars)	2020	2019
<b>Net cost of operations before government funding</b>	\$ 612,901,276	\$ 581,232,954

4. Accounts payable and accrued liabilities

The following table presents details of FJA's accounts payable and accrued liabilities:

(in dollars)	2020	2019
Accounts payable - Other government departments and agencies	\$ 341,409	\$ 162,393

The pension plan for federally appointed judges provides fully indexed annuities to judges and to all eligible survivors providing they meet minimum age and service requirements. Unlike other pension plans, the judges' plan

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

lacks an explicit accrual rate for benefits. Instead the full benefit amount is generally payable when the member has completed 15 years of pensionable service and the total of the member's age and years of service totals 80. Judges who elect Supernumerary Status or judges who qualify for retirement make required contributions of 1% of salary. All other judges make contributions of 7% of salary.

The main benefits from this plan are expensed on a pay-as-you-go basis. However, by virtue of the Supplementary Retirement Benefits Act, for the portion of the plan that relates to indexation of benefits, the 1% portion of salary contributed by the judges is recorded in a Supplementary Retirement Benefits Account, along with a matching contribution of 1% recorded by FJA. In addition, interest is accrued on the outstanding balance of the Account. The actuarial liability associated with the judges' pension plan is recorded in the financial statements of the Government of Canada.

## 6. Employee future benefits

### (a) Pension benefits

FJA employees participate in the Public Service Pension Plan (the "Plan"), which is sponsored and administered by the Government of Canada. Pension benefits accrue up to a maximum period of 35 years at a rate of 2 percent per year of pensionable service, times the average of the best five consecutive years of earnings. The benefits are integrated with Canada/Québec Pension Plan benefits and they are indexed to inflation.

Both the employees and FJA contribute to the cost of the Plan. Due to the amendment of the Public Service Superannuation Act following the implementation of provisions related to Canada's Economic Action Plan 2012, employee contributors have been divided into two groups – Group 1 relates to existing plan members as of December 31, 2012 and Group 2 relates to members joining the Plan as of January 1, 2013. Each group has a distinct contribution rate.

The 2019-20 expense amounts to \$569,090 (\$606,334 in 2018-2019). For Group 1 members, the expense represents approximately 1.01 times (1.01 times in 2018-2019) the employee contributions and, for Group 2 members, approximately 1.00 times (1.00 times in 2018-2019) the employee contributions.

FJA's responsibility with regard to the Plan is limited to its contributions. Actuarial surpluses or deficiencies are recognized in the financial statements of the Government of Canada, as the Plan's sponsor.

### (b) Severance benefits

Severance benefits provided to FJA's employees were previously based on an employee's eligibility, years of service and salary at termination of employment. However, since 2011 the accumulation of severance benefits for voluntary departures progressively ceased for substantially all employees. Employees subject to these changes were given the option to be paid the full or partial value of benefits earned to date or collect the full or remaining value of benefits upon departure from the public service. By March 31, 2020, all settlements for immediate cash out were completed. Severance benefits are unfunded and, consequently, the outstanding obligation will be paid from future authorities.

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

The changes in the obligations during the year were as follows:

(in dollars)	<b>2020</b>	<b>2019</b>
<b>Accrued benefit obligation, beginning of year</b>	\$ 72,961	\$ 89,811
Expense for the year	-	-
Benefits paid during the year	89,640	(16,850)
<b>Accrued benefit obligation, end of year</b>	<b>\$ 162,601</b>	<b>\$ 72,961</b>

**7. Accounts receivable and advances**

The following table presents details of FJA's accounts receivable and advances balances:

(in dollars)	<b>2020</b>	<b>2019</b>
Receivables - Other government departments and agencies	\$ 290,910	\$ 523,976

## 9. Related party transactions

FJA is related as a result of common ownership to all Government departments, agencies, and Crown Corporations. Related parties also include individuals who are members of key management personnel or close family members of those individuals, and entities controlled by, or under shared control of, a member of key management personnel or a close family member of that individual.

FJA enters into transactions with these entities in the normal course of business and on normal trade terms.

The following material transactions have occurred at a value different from that which would have been arrived at if the parties were unrelated:

During the year, FJA received common services which were obtained without charge from other Government departments as disclosed below.

### (a) Common services provided without charge by other government departments

During the year, FJA received services without charge from certain common service organizations related to accommodation and employer's contribution to the health and dental insurance plans. These services provided without charge have been recorded in FJA's Statement of Operations and Departmental Net Financial Position as follows:

(in dollars)	2020	2019
Accommodation	\$1,116,835	\$1,108,338
Employer's contribution to health and dental insurance plans	548,337	536,971
<b>Total</b>	<b>\$1,665,172</b>	<b>\$1,645,309</b>

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

The Government has centralized some of its administrative activities for efficiency, cost-effectiveness purposes and economic delivery of programs to the public. As a result, the Government uses central agencies and common service organizations so that one department performs services for all other departments and agencies without charge. The costs of these services such as payroll and cheque issuance services provided by Public Services and Procurement Canada, and audit services provided by the Office of the Auditor General are not included in FJA's Statement of Operations and Departmental Net Financial Position.

**(b) Other transactions with related parties**

(in dollars)	<b>2020</b>	<b>2019</b>
Accounts receivable with other government departments and agencies (Note 7)	\$290,910	\$523,976
Accounts payable to other government departments and agencies (Note 4)	341,409	162,393
Expenses – Other government departments and agencies	1,140,853	371,462
Revenues – Other government departments and agencies	40,200	40,200

Expenses and revenues disclosed in (b) exclude common services provided without charge, which is already disclosed in (a).

**Office of the Commissioner for Federal Judicial Affairs Canada**  
**Annex to the Statement of Management Responsibility Including Internal Control Over Financial Reporting**  
**Year ended March 31, 2020**

10. Segmented information

Presentation by segment is based on FJA's program alignment architecture. The presentation by segment is based on the same accounting policies as described in the Summary of significant accounting policies in Note 2. The following table presents the expenses incurred and revenues generated for the main programs, by major object of expenses and by major type of revenues. The segmented results for the period are as follows:

(in dollars)	Internal Services	Federal Judicial Affairs	Canadian Judicial Council	Payments Pursuant to Judges' Act	2020 Total	2019 Total
